- Ready-to-feed formula may be indicated in limited documented cases, such as:
 - Unsanitary or restricted water supply
 - Inadequate refrigeration
 - Caregiver has a documented condition which inhibits the proper dilution of concentrated or powder formula.
 - For participants in Food Package III with a qualifying medical condition and who are receiving exempt infant formulas or nutritionals (a) if the ready-to-feed form better accommodates the participant's medical condition or (b) if the ready-to-feed form improves the participant's compliance in consuming the prescribed formula.
- If a health care provider with prescriptive authority orders a product that is not on this list, contact the Nutrition Unit to determine whether the product is authorized for distribution through Georgia WIC.
- Special formulas may be acquired through the Nutrition Unit. See Georgia WIC Procedures Manual, Food Package Section for appropriate procedure and forms.
