

DISPENSING HELP, DELIVERING HOPE

Patient Advocate Foundation is a non-profit national organization whose professional staff provides support to patients, caregivers and providers who are dealing with insurance and health care obstacles associated with the management and treatment of chronic, life-threatening, or debilitating diseases. In 2021, PAF's CPR provided assistance to 71,115 patients, fielded 176,549 inbound calls, and allocated over \$240 million to eligible patients. All services are provided free of charge to benefit the patient.

Access Financial Assistance Simply and Efficiently

Patient Advocate Foundation's (PAF) Co-Pay Relief Program (CPR) is a free service that provides direct financial support to medically and financially qualified, insured patients, including those covered by commercial and government-sponsored plans Medicare, Tricare and Medicaid, for co-payments, co-insurance and deductibles related to pharmaceutical treatments and prescription medications. We are now offering assistance with Medical Insurance Premiums in most funds.

Help During their Time of Need

We are committed to helping patients get and stay on therapy. To insure that patients receive the right amount of assistance at the right time, our program specialists work directly with the provider of care, pharmacy, and the patient to complete the application and provide a rapid eligibility decision.

- Fast access through online application portals
- Instant eligibility decision – Virtual Pharmacy Card available to eligible patients immediately
- Electronic Income Verification - eliminating document submission in >95% of applications
- Dedicated CPR Staff - Contact for questions, expenditure issues, follow up. Staff has knowledge of patient, provider, pharmacy's situation, operations, documentation, and procedures

Applying is Quick and Convenient

Online at www.copays.org

Any member of a patient's care team can apply for assistance via the provider portal at www.copays.org/providers

Any member of the patient's dispensing pharmacy can apply for assistance via the pharmacy portal at www.copays.org/pharmacies

Patient Eligibility includes:

- Must have insurance that covers the medication.
- The diagnosis covered by a fund.
- Income of 400% or lower of the FPG adjusted for COLI.
- Reside and receive treatment in the U.S.

Apply by phone at [866-512-3861](tel:866-512-3861)

Our Program Specialists can be reached toll free and will personally guide you through the enrollment process
