

What is a TRAIN Georgia Training Plan and how to utilize it?

This effort is to assist in streamlining the education offered on TRAIN.org. Currently, the process is a multi-step process that requires that you go to LMS Public Portal, look under “Continuing Education – TRAIN”, click on the hyperlink, then copy and paste the link to TRAIN, and then copy and paste it into your browser. You will still be able to search for courses this way. However, this additional process will add the ability to streamline your search for CE that Georgia has approved.

1. Once you log into TRAIN.org you will now see a training plan that has all the courses that are approved for GA EMS CE. It can also be accessed under “Hot Topics” and select EMS CE Training

TRAIN Courses Approved by Georgia OEMS

To find TRAIN courses approved by the Georgia Office of EMS and Trauma, please go to [LMS](#) and on the left, click on Education. At the top of the page, where it says "Select Course Type", select "Continuing Education – TRAIN", and then click GO. You will find a list of courses on [TRAIN.org](#) that have already been reviewed by the Office of EMS and Trauma and approved for CEU. Click on the course of interest, and in the description, you will find the link on [TRAIN.org](#) for where to register for the course.

Courses completed on [TRAIN.org](#) that have been approved by the Office of EMS and Trauma will be added to your LMS transcript by the Office of EMS and Trauma – you do NOT need to add these manually to your transcript in LMS.

To request a review of additional [TRAIN.org](#) courses for approval by the Georgia Office of EMS and Trauma, please email train-georgia@dph.ga.gov and include the link to the course you want to be reviewed.
