Considerations and Recommendations for Georgia’s Schools

The Georgia Department of Education, in partnership with the Georgia Department of Public Health, has developed guidance to support districts and communities in determining their plans and strategies for reopening schools. *Georgia’s Path to Recovery for K-12 Schools* provides a tiered approach with clear, actionable steps that are advisable before students and employees return to school buildings, along with guidance that is applicable throughout the 2020-2021 school year.

This approach is built upon the guidance and recommendations of health officials; it is strongly aligned to the reopening guidelines that have been provided by our state and federal leaders; and it’s designed to help districts prioritize the health and safety of students and teachers as they open school buildings and deliver instruction for the 2020-2021 school year.

*Georgia’s Path to Recovery for K-12 Schools* focuses heavily on the health and physical requirements necessary for reopening school buildings. The Georgia Department of Education will continue to provide guidance and recommendations to districts and schools on navigating the academic, social, and emotional effects of the COVID-19 pandemic on students and employees.

*Georgia’s Path to Recovery for K-12 Schools* provides considerations, recommendations, and best practices to ensure a safe and successful 2020-2021 school year. This guidance is not mandated, or state required. Local school districts have the authority and flexibility to meet their individual needs and be responsive to their communities.
### Addressing Community Spread in K-12 Schools

<table>
<thead>
<tr>
<th>Substantial Spread</th>
<th>Minimal/Moderate Spread</th>
<th>Low/No Spread</th>
</tr>
</thead>
</table>
| • Coordinate with local and state DPH health officials  
• Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible)  
• Schools that are closed, remain closed. Implement distance/remote learning (see Serving School Meals and Supporting Teaching and Learning).  
• Close off affected areas and if possible, wait 24 hours before cleaning and disinfecting.  
• Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see Protecting Vulnerable Populations for considerations) | • Establish and maintain communication with local and state DPH health officials  
• Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible)  
• Implement enhanced social distancing measures (see Transitioning, Large Group Gatherings, and Teaching and Learning)  
• Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols  
• Establish a protocol for students/staff who feel ill/experience symptoms when they come to school (see When a Child, Staff Member, or Visitor Becomes Sick at School)  
• Isolate and deep clean impacted classrooms and spaces  
• Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see Protecting Vulnerable Populations for considerations) | • Establish and maintain communication with local and state DPH health officials  
• Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible)  
• Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols  
• Establish a protocol for students/staff who feel ill/experience symptoms when they come to school (see When a Child, Staff Member, or Visitor Becomes Sick at School)  
• Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see Protecting Vulnerable Populations for considerations)  

For additional guidance on addressing community spread, see the CDC’s Considerations for Schools.

Districts have the authority and flexibility to close school buildings and utilize distance/remote learning as needed.

---

### Definitions

<table>
<thead>
<tr>
<th>Face Coverings</th>
<th>Hand Sanitizer</th>
<th>Clean/Disinfect</th>
</tr>
</thead>
<tbody>
<tr>
<td>Recommendations regarding face coverings differ based on the level of community spread and can be found throughout this document. Information should be provided to staff, students, and families on proper use, removal, and washing of cloth face coverings. Any policy regarding face coverings should be sensitive to the needs of students and staff with medical issues that make the wearing of a face covering inadvisable. &gt; CDC Guidance</td>
<td>Hand sanitizers should contain at least 60% alcohol and only used with staff and older children who can safely use hand sanitizer. Hand soap should be used for younger children. &gt; CDC Guidance</td>
<td>Ensure safe and correct application of disinfectants and keep out of reach of children. &gt; CDC Guidance</td>
</tr>

Georgia’s Path to Recovery for K-12 Schools

School District Decision Tree

Georgia’s Path to Recovery for K-12 Schools not only provides considerations for school leaders as they develop their own plans for restarting school this fall but provides a flexible framework to address challenges that may develop throughout the 2020-2021 school year. Instead of a one-size-fits-all approach, the above District Decision Tree provides a menu of instructional models and responses districts can adopt to ensure the continued success and safety of students and staff members.
# Georgia’s Path to Recovery for K-12 Schools

## Substantial Spread

**District/School Considerations:**
- Use social media and other communications to inform parents, students, and staff about COVID-19 symptoms, preventative measures, good hygiene, and school/district specific protocols
- Encourage COVID-19 testing

**CDC Guidance**
- [How to Protect Yourself and Others](#)
- [COVID-19 Symptoms](#)
- [COVID-19 and Children](#)
- [Communication Tools](#)

**Georgia Department of Public Health**
- [State’s PPE Suppliers List](#)
- [Statewide contracts for supplies/equipment](#)

## Minimal/Moderate Spread

**District/School Considerations:**
- Teach and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings
- Provide hand soap and hand sanitizer with at least 60% alcohol, paper towels, and no-touch trash cans in all bathrooms, classrooms, and frequently trafficked areas
- Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols
- Clean/disinfect frequently touched surfaces at least daily and shared objects after each use
- Provide masks and other appropriate PPE to staff
- Allow students and staff to bring hand sanitizer and face masks/coverings to use from home
- Take steps to ensure all water systems and features are safe
- Turn off water fountains and provide bottled water or allow students and staff to bring water bottles from home
- Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, as long as this does not pose a safety or health risk to students or staff
- Conduct deep cleaning of schools prior to students/staff returning; schedule additional cleanings during weekends or school holidays/breaks

**CDC Guidance**
- [Reopening Guidance for Cleaning and Disinfecting Schools](#)
- [Guidance for Reopening Buildings After Prolonged Shutdown](#)

## Low/No Spread

**District/School Considerations:**
- Teach and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings
- Provide hand soap and hand sanitizer with at least 60% alcohol, paper towels, and no-touch trash cans in all bathrooms, classrooms, and frequently trafficked areas
- Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols
- Clean/disinfect frequently touched surfaces at least daily and shared objects after each use
- Provide masks and other appropriate PPE to staff
- Allow students and staff to bring hand sanitizer and face masks/coverings to use from home
- Allow staff to wear face masks/coverings and other appropriate PPE as desired
- Take steps to ensure all water systems and features are safe
- Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, as long as this does not pose a safety or health risk to students or staff
- Conduct deep cleaning of schools prior to students/staff returning; schedule periodic cleanings during weekends or school holidays/breaks (to the extent practicable)

**CDC Guidance**
- [Reopening Guidance for Cleaning and Disinfecting Schools](#)
- [Guidance for Reopening Buildings After Prolonged Shutdown](#)

**Return to School**
- [Roadmap for Facilities](#)
### Transporting Students

![Image of a bus](image)

**School buildings are closed:** buses used to deliver meals to students and families

**District/School Considerations:**
- Reduce contact by delivering a week’s worth of meals during a designated time (ex: delivering a week’s work of meals every Monday)²

²Subject to future USDA meal waiver approval

---

### Entering School Buildings¹

**School buildings are closed:** districts should require only that *essential staff* report in-person to carry out functions that are *absolutely necessary.*

**District/School Considerations:**
- District/school leaders must remain vigilant and purposeful as they determine roles, responsibilities, and reporting requirements for staff, refraining from blanket reporting requirements
- District/school leaders should leverage virtual tools and platforms wherever possible to conduct essential business and keep in-person reporting to an absolute minimum during school closures

**GaDOE Guidance**
- [In-person Reporting and Employee Safety Guidance](https://www.gadoe.org)

**Georgia Department of Public Health Guidance**
- [Pick-up of Essential Items](https://www.gadoe.org)

---

### District/School Considerations:

- Provide hand sanitizer for students and bus drivers
- Provide face masks for bus drivers; allow students to wear face masks/coverings
- Screen students and bus drivers for symptoms of illness and utilize spaced seating (to the extent practicable)
- Eliminate field trips
- Clean and disinfect frequently touched surfaces on the bus at least daily
- Establish protocols for bus stops, loading/unloading students to minimize congregation of children from different households

**CDC Guidance**

---

### American Health Care Association

- [COVID-19 Screening Checklist for Visitors](https://www.ahca.org)

### Society for Human Resources Management (SHRM)

- [Coronavirus Warning Poster for Entrance](https://www.shrm.org/community/coronavirus/about)

---

¹School Calendars: Local school districts have authority over school calendars – meaning they have full authority to set start and end dates, holidays/breaks, and school hours, provided instructional requirements are met.

²Georgia Department of Public Health, [District/School Considerations](https://www.gadoe.org)
| Serving Meals | School buildings are closed.  
**District/School Considerations:**  
- Practice established social distancing protocols to the greatest extent practicable  
- Provide PPE to participating staff  
- Reduce contact by delivering a week’s worth of meals during a designated time (ex: delivering a week’s worth of meals every Monday)?  
- Distribute printed instructional packets/materials and district/school communications along with meals  
**GaDOE Guidance**  
- [Employee Safety Guidance for School Nutrition Programs](#)  

---  

| Transitioning | School buildings are closed.  
**District/School Considerations:**  
- Allow student hand washing before and after meal service  
- Provide hand sanitizer for students and staff  
- Use disposable plates, utensils, etc.  
- Mark spaced lines to enter the cafeteria and serving lines (to the extent practicable); designate entrances and exit flow paths; stagger use  
- Conduct cleaning of cafeterias and high-touch surfaces throughout the school day  
**Alternative Serving Models:**  
- Serving meals in classrooms  
- Serving meals in cafeterias with:  
  - Spaced serving lines (marked on floors)  
  - Spaced seating (utilize outdoor space as practicable and appropriate)  
  - Longer meal periods for more staggered meal delivery (utilizing state seat time waiver to extend meal periods)  
  - Consider pre-packaged boxes or bags for each student instead of traditional serving lines. Avoid sharing of foods and utensils.  

---  

| Serving Meals | School buildings are closed.  
**District/School Considerations:**  
- Limit mixing between groups (to the extent practicable)  
- For class changes and other transitions throughout the school day:  
  - Provide additional time for transitions (utilizing state seat time waiver to extend transition period)  
  - Designate areas of the hallway (i.e. lanes) as flow paths to keep students separated to minimize congregation of students  
  - Plan staggered class (ex: by hall, odd/even room numbers, grade/discipline) changes to decrease number of students in hallways at one time  
  - Have the same group of students stay with the same staff (all day for young children and as much as feasible for older children)  

---  

| Serving Meals | School buildings are closed.  
**District/School Considerations:**  
- Implement standard operating procedures while taking preventative measures such as:  
  - Providing hand sanitizer for students and staff  
  - Allowing students and staff to wear face masks/coverings while in large group gatherings  
  - Conducting cleaning of cafeterias and high-touch surfaces throughout the school day  
  - Designating areas of the hallway (i.e. lanes) to walk to keep students separated (to the extent practicable)
### Conducting Large Group Gatherings

**School building are closed.** Abide by the maximum number of people allowed to congregate as defined by the Governor’s current statewide Executive Order.

### Supporting Teaching and Learning

**School buildings are closed.**

**District/School Considerations:**

- Implement a robust Distance Learning Plan
- Distribute printed instructional packets/materials and district/school communications along with meals; designate and communicate collection/drop off points

<table>

### District/School Considerations:

- Survey families to gauge which students may want to conduct their schooling virtually for the 2020-2021 school year; schools can offer their own online courses or enroll students through the Georgia Virtual School (schools earn FTE while student stays at their home school)

**Traditional Instructional Model**

- *Schools can deliver traditional instruction under Minimal/Moderate Spread by implementing the recommendations outlined in this guidance. District or school-wide distance/remote learning is allowable and a local decision.*

- Use the master schedule to balance class numbers as much as possible – remove unused desks and furniture in classrooms; maximize social distancing (to the extent practicable)
- Limit physical interaction through partner or group work
- Establish distance between the teacher’s desk/board and students’ desks
- Identify and utilize large spaces (i.e. gymnasiums, auditoriums, outside spaces – as weather permits) for social distancing

**Hybrid Instructional Models**

- *Hybrid models should only be implemented if absolutely necessary and after factoring in additional logistical requirements/costs as well as day care requirements placed on working families and unnecessary burden on staff. Consider allowing special education students to continue in person instruction as these students often rely on*

### District/School Considerations:

- Implement standard operating procedures while taking preventative measures such as:
  - Providing hand sanitizer for students and staff
  - Allowing students and staff to wear face masks/coverings
  - Limiting unnecessary congregations of students and staff
  - Follow Georgia High School Association guidelines for sporting events and practices

- **Establish an academic baseline:**
  - Administer formative assessments toward the start of the school year
  - GaDOE provides:
    - GKIDS 2.0 (kindergarten)
    - Keenville (grades 1 and 2)
    - BEACON (grades 3-8)
  - Conduct meetings with teachers to identify where students are academically

- **Discuss the shared experience:**
  - When Schools Start Back: Helping Students and Yourself Cope with Crisis and Loss (webinar series)
  - Helping Children Cope with Changes
  - Talking to Children about COVID-19
  - Teaching Through a Pandemic

<table>
<thead>
<tr>
<th>A/B schedules</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Alternating Days: Group A Students -- Monday/Wednesday and Group B Students -- Tuesday/Thursday; Friday – distance learning for all students, professional learning for staff, ‘off’ day and extend school year (districts set school calendars); using certification flexibility to relocate teachers as needed and allowable</td>
</tr>
<tr>
<td>• Alternating Weeks: Group A Students – Week 1 and Group B Students Week 2; using certification flexibility to relocate teachers as needed and allowable</td>
</tr>
<tr>
<td>• Half Days: AM/PM Schedule – prioritize students on free and reduced breakfast for AM section; shared lunch; end of the day meal for PM students; using certification flexibility to relocate teachers as needed and allowable</td>
</tr>
</tbody>
</table>

**Targeted Distance/Remote Learning**
- [Elementary Face-to-Face with Secondary Distance Learning](#): Prioritize 6-12 or 9-12 for continuous distance learning while other students have access to face-to-face instruction spread out across unused schools and classrooms; using certification flexibility to relocate teachers as needed and allowable; see [Serving Meals under Substantial Spread](#) for preparing/delivering school meals for students who are remote learning.

---

**Target interventions and supports:**
- Provide additional instructional supports to:
  - students at-risk of not graduating on time
  - students with disabilities (compensatory services)
  - students who struggled in the prior distance/remote learning environment (i.e. early grades, English Learners, etc.)
  - other students identified as being behind academically by teachers and parents.
- Identify essential concepts/skills grade levels and provide access to enrichment (fine arts, music, world language, CTE, computer science, AP/IB, dual enrollment, physical education/play, STEM/STEAM, etc.)

---

**Address learning loss:**
- Help students catch up/get ahead through the [Georgia Virtual School](#)
- Provide extended learning opportunities through before/after school programs, Saturday school, etc.

**Prepare for potential future distance/remote learning by increasing current blended learning:**
- Develop a digital learning plan
- Integrate virtual learning practices:
  - digitizing lessons
  - requiring a certain number of online assignments for each grading period
- Provide virtual learning-specific professional learning for educators:
  - [Making the Shift to Online Teaching and Learning](#)
  - [Supporting Students with Disabilities Online](#)
  - Schedule specific planned district-/school-wide digital learning days as part of the traditional school calendar

---

**Return to School**

</tbody>
</table>

CDC Guidance

• Symptoms of Coronavirus
• What Healthcare Personnel Should Know About Caring for Patients with Confirmed or Possible COVID-19 Infection
• Standard Precautions
• Transmission-based Precautions

In partnership with the Georgia Department of Public Health, we created these guidelines to give school districts a blueprint for a safe reopening that is realistic in the K-12 setting. We have a responsibility to keep our students, teachers, school staff, and families safe and to provide the best possible education for our children.

Richard Woods, State School Superintendent
