

October 16, 2023

Dear Immunization Partner:

It is with great excitement that we announce the implementation of a new Immunization Information System (IIS) for Georgia, GRITS 2.0.

The Georgia Department of Public Health recognizes the need for a modern, reliable, and scalable solution that can provide immunization information when and where it is needed to improve patient care. The recent pandemic revealed some deficiencies in our current system, and we are committed to ensuring these challenges are resolved as we move into the next generation of GRITS.

We are working with [STChealth](#) to implement this new platform to give healthcare providers, schools, pharmacies, state agencies, and other immunization partners a user-centric experience that provides the vaccine intelligence needed to “monitor, manage, and mobilize data for a healthier future.” Our goal is to enhance the technology to establish real-time data exchange, manage your vaccine-related supplies, and have up-to-date clinical decision-making support.

GRITS 2.0 IS BUILT FOR YOU.

STAY INFORMED

To ensure that all stakeholders are identified and included appropriately, we are asking that you complete the form below as soon as possible. Please feel free to forward this email to other contacts as needed. If you have any interaction with GRITS or Georgia immunization information, please complete the form.

[GRITS 2.0 Stakeholder Contact Form](#)

Completing the Stakeholder Contact form will ensure that you receive communication in a timely manner which will include project updates, training dates, and required activities.

Change is brought about because ordinary people do extraordinary things. In recent years, we have all risen to the occasion, teamed up, and overcome challenges and personal struggles. Every one of you has served your communities well, and we are committed to serving you by delivering the 2nd generation of GRITS in a way you deserve.

We thank you for your patience and consideration and look forward to sharing more

information as we embark on this exciting journey. Thank you.
