

The information listed below is required in order to proceed with a search criterion for an immunization record within the Georgia Registry of Immunization Transactions and Services (GRITS) database:

- Last, first, and middle name at the time you received your immunizations
- Complete date of birth
- Gender
- Mother's maiden last name and first name
- County where your immunizations were administered
- Your address at the time you received your immunizations
- Mother's present full name
- Your present address
- Your current telephone number
- Legible, current, state-issued photo I.D.
