

CANDIDATE’S STATEMENT

By my signature, I affirm that I was oriented to the psychomotor examination by the Exam Coordinator. I agree to fully abide by all policies of the OEMS. I understand that they reserve the right to delay processing or invalidate my results if I have not complied with all rules. I also understand that my attendance at today’s examination does not guarantee my eligibility for certification by the National Registry of EMTs or subsequent state licensure.

I affirm that the psychomotor examination complaint process has been explained to me. I understand that I must contact the Exam Coordinator immediately if I feel I have been discriminated against or experienced any type of equipment malfunction in any skill.

I further understand that my complaints will not be accepted if I do not file my complaints today before leaving this site and before I am informed of my psychomotor examination results. I understand that the OEMS will not explain any specific errors in my performance. All examination results are preliminary and unofficial until they have been formally processed and reported by the Exam Coordinator.

I hereby affirm and declare that all information entered on this form is truthful, correct, and matches my true identity which coincides with my entry on the official roster for this examination. I am assuming all responsibility for completing all appropriate skill(s) based upon the policies and procedures of the OEMS in conjunction with all of my previously reported official psychomotor examination results. I also understand that making threats toward the Exam Coordinator or any examination staff; the use of unprofessional (foul) language; or committing other types of irregular behavior may be sufficient cause to invalidate the results of the examination, to terminate participation in an ongoing examination, to withhold or revoke scores or certification, or to take other appropriate action. If my name was not read as part of the official roster for today’s examination, I am also assuming all risks and consequences of possibly testing inappropriate skills today.
