

Newborn Hearing Screening Results and Recommendations Form

Instructions for Staff: Complete this form and provide a copy to the caregiver/s. Newborn hearing screening results and recommendations are required to be provided to caregiver/s per [Rule 511-5-5-06: Hearing Screening](#). Note: If you are completing an outpatient hearing re-screen, report results to DPH by faxing this form to (404) 657-2773 or email to DPH-NBS@dph.ga.gov.

Place Hospital Label Here
If the child's hospital label is not available, please complete the Infant Demographics section. **Skip** Infant Demographics if a hospital label is attached.

Congratulations on the birth of your baby!

Keep this form in a safe place and bring it to your child's first pediatrician appointment.

CHILD'S INFORMATION

Child's Name (First and Last):	Child's Date of Birth:
---------------------------------------	-------------------------------

HEARING SCREENING DETAILS

Date of Test:	Screening Setting: <input type="checkbox"/> Inpatient <input type="checkbox"/> Outpatient	Name of Screener:
Type of Test [Select One]: <input type="checkbox"/> OAE <input type="checkbox"/> AABR <input type="checkbox"/> OAE + AABR		Name of Facility:

SCREENING RESULTS [Select One]

Your baby PASSED the newborn hearing screening for both ears.
 Your baby FAILED the hearing screening in the *Left* | *Right* | *Both ears* **(CIRCLE ONE)**

A failed hearing screening result means your baby needs more testing to determine if they have a hearing loss. This test becomes more difficult the older the baby becomes and should be completed as soon as possible (ideally before 1 month of age).

If your baby failed their final hearing screening before leaving the hospital, they should receive a test for Congenital Cytomegalovirus (cCMV). See <https://dph.georgia.gov/EHDI/ccmv> for more information.

Was a Congenital Cytomegalovirus (cCMV) specimen collected? Yes No **(CIRCLE ONE)**

If yes, what specimen type was collected? Saliva Urine Other: _____ **(CIRCLE ONE)**

If known, what are cCMV test results? Negative Positive Inconclusive Not Known **(CIRCLE ONE)**

FOLLOW-UP RECOMMENDATION [Select One]

No further testing is needed (baby *passed* for both ears). Follow-up with pediatrician for routine hearing screenings as child ages. Seek additional hearing testing if concerns of hearing loss and/or speech-language delay arise.

Further testing is needed:

A hearing re-screen should be scheduled as soon as possible. (Baby *failed* one or both ears or could not be tested)

A diagnostic Auditory Brainstem Response should be completed as soon as possible (Baby *failed* inpatient and outpatient screens and/or has hearing loss risk factors)

Date/Time (if scheduled): _____

Location (if scheduled): _____

cCMV testing needs to be ordered and conducted prior to 21 days of life.
