PPE

- PPE → Conserve it, Reuse it (appropriately), Decontaminate (Battelle), Have a plan
  - Supply chains are coming back online – may not be your normal vendor, but there are vendors out there you can order from
- Order it
- Don’t “stockpile”, but be prepared for this current wave we are in and for flu season
Public Health Emergency Renewed

• Extended to August

Testing Positive

If a Patient Tests Positive

• We will notify you (if you have given us the name/DOB)
• Work to determine exposure risk with your infection control office and Medical Director – if exposure for a Medic – follow CDC/DPH guidance on return to work

If a Medic Test Positive

• Agency needs to work with local/district health department, agency infection control officer and medical director to determine exposure risk to patients and other crew members – notify patients as appropriate
• Medic needs to inform all EMS agencies and follow DPH isolation order
• Medic needs to work with contact tracers
