

"Not only was I struggling with trying to beat this horrible disease, I was also carrying a very heavy burden of trying to stay above water while the bills kept rolling in... To have even just part of what I owed paid for, brought me to tears. This was the best news that I could have heard. A little calm in my storm."

Suzanne N.

Access Financial Assistance Simply and Efficiently

Patient Advocate Foundation's (PAF) Co-Pay Relief Program (CPR) is a free service that provides direct financial support to medically and financially qualified, insured patients, including those covered by commercial and government-sponsored plans Medicare, Tricare and Medicaid, for co-payments, co-insurance and deductibles related to pharmaceutical treatments and prescription medications. We are now offering assistance with Medical Insurance Premiums in most funds.

Help During your Time of Need

We are committed to helping patients get and stay on therapy. To insure that patients receive the right amount of assistance at the right time, our program specialists work directly with the patient, provider of care and pharmacy to complete the application and provide a rapid eligibility decision.

- User-friendly online application portals
- Easy documentation of income and diagnosis
- Live Spanish language services
- Rapid qualification determination in one interaction
- Look-back period for recently incurred expenses
- Payments may be directed to the provider, pharmacy, or patient
- Virtual Pharmacy Card may be used at pharmacies or specialty pharmacies.

Applying is Easy and Convenient

Apply by phone at **866-512-3861**

Our Program Specialists can be reached toll free and will personally guide you through the enrollment process
