RE: Support for NREMT Pathways for Registration

Dear Mr. Bill,

The Georgia Department of Public Health, Office of EMS and Trauma (“Department”) supports **ALL** National Registry of EMT’s (“NREMT”) pathways to registration including but not limited to:

- The re-entry process for all registration levels,
- Physicians challenging any registration level,
- Registered Nurses challenging any registration level, and
- International EMS personnel challenging any registration level.

The Department will accept all NREMT registrants, regardless of registration pathway, for consideration in the Georgia EMS license application process.

Important Note: This letter of support only expresses the Department’s support of the NREMT registration process and does not guarantee licensure in Georgia. All applications for Georgia EMS licensure must meet licensing requirements as set forth in the Department’s Rules and Regulations 511-9-2.

Sincerely,

David Newton, Director
Georgia Office of EMS and Trauma
Georgia Department of Public Health
1680 Phoenix Boulevard, Suite 200
