Tobacco-Free School Surveys for Messaging at Your School

Faculty and Staff Tobacco-Free School Survey for Messaging at Your School

Conducting this survey will help determine tobacco usage, beliefs and perceptions at your school. The answers from each question assist schools with crafting messages when implementing the new or updated policy to garner support.

Instructions to participants: This survey is for faculty and staff to help determine the best tobacco-free policy for your school. Your participation will assist in determining priorities and areas of improvement. This survey is anonymous and voluntary.

1. Do you believe that faculty and teachers are important role models for students?
Yes No Maybe
2. Do you think there should be measures in our school to help students stay tobacco and vape free?
Yes No Maybe
3. Are you exposed to secondhand smoke or aerosol when on school property?
Never Sometimes Always If exposed, where _____
4. Do you believe that secondhand smoke and aerosol is harmful to nonusers?
Yes No Maybe
5. Would you support our school creating a policy to go tobacco-free for everyone?
Yes No Maybe
6. Would you support a tobacco-free policy that prohibits use at off-campus events?
Yes No Maybe
7. Do you think that school administrators would support creating a tobacco-free policy?
Yes No Maybe
8. Are you aware of any groups working on tobacco issues in your school?
Yes No If yes, please describe: _____
