

Tobacco-Free Property Signage Checklist

Tips for completing:

- Complete this section with a student group or other interested parties in order to determine current signage location and any gaps.
- Use the notes section to list other places signage was found, places where additional signs may be needed or note where use is occurring.

Signage is clearly posted:	All	Some	None	N/A	Notes:
At the main entrances to the building					<p>NOTE: This tool is meant to help determine where signage is located and where it may be considered. It is not meant to imply that signs need to be in all these locations.</p> <p>N/A=Not Applicable- These locations are not present on campus.</p> <p>Vehicles/buses: Only select N/A if the district does not have any district vehicles/buses.</p> <p>Signs in Spanish: Select None if the district <u>posts other types of signs in Spanish</u> but does not post the tobacco-free property signs in Spanish. Select N/A if the district <u>does not post other signs in Spanish</u> and does not post the tobacco-free property signs in Spanish.</p>
At perimeters of the property					
In parking lots
