CHILDREN'S MEDICAL SERVICES

Support • Care • Transition

Ages 0-21 years

SUPPORT PROVIDED BY CMS

FOR CHILDREN & FAMILIES:

- A care coordinator who assists the family with their child's specific health care needs
- Linkage to pediatric specialists and primary care providers in your community
- Connections to community resources
- Assistance with health care services not covered by health insurance

“The CMS coordinator helped us every step of the way in my child’s health care journey.”

— NICOLE CMS PARENT

“CMS makes the process easy, which relieves a lot of stress on our family”

— CMS PARENT

SPECIALTY CARE CLINICS
