Georgia Gateway Training Update

- We have 57 staff scheduled to attend the following trainings:
 - Deloitte 7 Day training for intake workers & supervisors
 - WIC Only - 4 Day “Train the Trainer” Sessions
- These 57 staff include:
 - NSD’s
 - State Office staff
 - One to four staff persons from each district

Georgia Gateway Training Update

- WIC Only Training Sessions will be 4 Days long
- Training for Wave 1 will occur from Mid-September through November
- Training for Wave 2 will occur from Mid-December through January
- Each district will have flexibility to schedule their training sessions to limit the impact on clinic operations
- Training sessions must be provided to the WIC IES Training Coordinator (Lynn Flen) so that the classes can be entered into the Learning Management System (LMS).

Georgia Gateway Training Update

- WIC Trainers will take turns training staff – One week they will serve as the Training Lead, the next week they will serve as the Classroom Assistant
- State Office Staff will be available to supplement district training staff in the event of an emergency
- We have verified that each district has training facilities available – we need to develop our training schedules ASAP in order to secure these facilities for WIC IES training.

Georgia Gateway Number of WIC Staff to be trained by District:

• 1-1	37	• 3-5	44	• 8-2	68
• 1-2	30	• 4-0	40	• 9-1	61
• 2-0	30	• 5-1	28	• 9-2	69
• 3-1	37	• 5-2	51	• 10-0	39
• 3-2	23	• 6-0	96	• Grady	6
• 3-3	14	• 7-0	53		
• 3-4	61	• 8-1	23		

Georgia Gateway Training Update

- Based on the previous slide, District 6-0 has the most staff to be trained at 96. If you train 12 people at a time, you can get all staff trained in 8 weeks
- Clayton has 14 staff to be trained. If you train 3 people at a time, you can get all staff trained in 5 weeks

Georgia Gateway Training Checklist:

- ✓ Make certain that all staff have logged into the LMS and have updated their information prior to 6/17/2016
- ✓ Prepare schedules for district training sessions ASAP so that we can get them loaded into the LMS and reserve your district training facilities
- ✓ Identify staff that will be available for Implementation Cutover activities the weekend before and the first week that your district goes live on Georgia Gateway
- ✓ Make certain to turn-in your IES Security & Confidentiality Forms to Barry Cross as soon as possible.

Georgia Gateway Outstanding Issues

- Currently cannot access the Worker Portal or the Training Portal URL's from the DPH network – AT&T anticipates having this issue resolved by 6/24/2016.
- District Training Schedules
 - Date, Time and Location of the training sessions
 - Names of Staff that will attend each training session
- Provide updates to State Office on staff turnover so that new staff can obtain their login credentials in-time for their training sessions
