

ARTAS Monthly Report Key Definitions and Instruction Sheet

Key ARTAS Definitions:

- **ATRAS Linkages**

- **Linkage to medical care** - process of assisting HIV-diagnosed clients into medical with an HIV primary care provider (authorized to prescribe HAART medications) following the receipt of a HIV diagnosis. Linkage to medical care requires follow-up and documentation.
Note: Clients may not see the doctor on the first medical visit, but may have services rendered such as labs drawn. Clients are not linked until they have kept a medical appointment with an HIV primary care provider (authorized to prescribe HAART medications).
 - **Linkage to supportive services** – process of assisting HIV-diagnosed clients in accessing critical needs for supportive and ancillary medical services that may impede HIV primary medical care. Linkage to supportive services requires follow-up and documentation.
 - **Referral** – process of providing information but not assistance in accessing the service; does not require follow-up for the purpose of determining the outcome of the referral (passive).
 - **Newly Diagnosed**- the client has received an HIV diagnoses within the previous 12 months.
 - **Previously diagnosed** – the client has received a previous HIV diagnoses, NOT within the past 12months
 - **Newly engaged** – Previously diagnosed, but never having entered into medical care.
 - **Lost to care** – Previously diagnosed, without a visit for routine HIV medical care in the preceding 12 months.
 - **Lost-to-follow-up (designates linkage attempts)** - three (3) unsuccessful attempts to contact the client within a 90 day period.

← When completing this table
 Include the numbers for the clients enrolled during the reporting month. The total should match the total of the number of clients enrolled for the month.

Number of Target Populations Linked This Month (One client may be entered in multiple target population categories)			
Heterosexual Women		Lesbian/Bisexual women	
Heterosexual Men		Transgender	
Men that have sex with men(MSM)		MSM/IDU	
Homeless			
Incarcerated persons			
Parolees		*This is the total for both sides of this table	
Injection Drug users (IDU)		Total	

When completing this table include the numbers for the clients served during the month who were given referrals to each service. This includes clients who were given referrals during the current fiscal year (from April 1 to March 31), and can include those who were newly and/or previously enrolled. When completing this table include the numbers for the clients enrolled for the reporting month. These numbers will not necessarily add up as one client can be entered in multiple categories.

 The total should match the total of
 The number of clients enrolled for the month.

<i>Total # of Clients Linked (Only clients newly linked this month)</i>	
# of Females >24	
# of Males >24	
# of Transgender Male to Female	
# of Transgender Female to Male	
# of Transgender Unknown	
# of Females 18-24	
# of Males 18-24	
Total	

<i>The number of clients served:1</i>	<i>Month</i>	<i>Cumulative</i>
Total # of clients “Successfully” discharged this month		
Total # of clients discharged to “General Linkage through Support Services”		
Total # of clients “Lost to Follow-Up” or Non-compliant	1	1
Total # of clients “Deceased”		

When completing this table include the numbers for the clients enrolled during the month. Cumulative column include the number of clients served for the year. During the first month (e.g. March 2015) the number for month and cumulative should match.

The cumulative number should increase on a monthly basis because you will be adding the new monthly number to the cumulative amount you listed previously. For example, if one (1) client served in March was lost to care, the Cumulative column should also have the number one. If two (2) clients served in April were lost to care, then under month you would enter (2) but under cumulative you would put a three (3): One (1) client in March and Two (2) in April.

<i>The number of clients served:2</i>	<i>Month</i>	<i>Cumulative</i>
Total # of clients “Successfully” discharged this month		
Total # of clients discharged to “General Linkage through Support Services”		
Total # of clients “Lost to Follow-Up” or Non-compliant	2	3
Total # of clients “Deceased”		

ARTAS Monthly Report Key Definitions and Instruction Sheet

90 Day Follow-up:

Of clients linked to medical care three months prior, _____ are still in care out of _____ linked that month. Example – For clients enrolled in March, the number remaining in care should be documented on the March monthly report.

Example: If reported in **March**, **two (2) clients were linked to medical care**. Of clients linked to medical care three months prior, two **(2)** are still in care out of **(2)** linked that month.

Then in **April**, **three (3) additional clients were linked**; however **one (1) is no longer in care**. Of clients linked to medical care three months prior, **four (4)** are still in care out of **(5)** linked that month.

*Complete questions for an overview of the month. Provide details on the Narrative Summary, Form HIV-550.
