The grant is due April 8, it will need to be completed for clearance March 25. 20 states will be funded at approximately \$200,000 a year for 5 years. There are currently 20 funded states: no new funds.

What we need from our partners.

- 1) Any non-federal dollars that support injury prevention efforts in the state will earn the application additional points
- 2) We need to build upon the work already being done in the following 4 areas: Child maltreatment (Essentials for Childhood: Safe Stable Nurturing Relationships and Environments) , motor vehicle crashes (Teen crashes), TBI (specifically youth sports concussion) and intimate partner violence ( in discussion with Angie Boy and Jan Christiansen about what this might look like.
- 3) We are going to need letters of support by March 18, see beginnings of sample below.

11:40 – 11:45 Wrap-up

Next GIPAC meeting will be April 21, 2016 same location, we will definitely have a legislative update.
