Please describe this person's qualifications for serving as the Shape Grant School Champion:

5. Health/Wellness Council

Schools must establish or enhance a health or wellness council during the 2017-18 school year. Health or wellness councils are important in planning and implementing health and wellness initiatives in schools. A representative health/wellness council involves teachers, school nutrition services, health/physical education department, parents, students, school administrators, and members of the public.

Please provide the names and roles of current wellness council members, how often you meet, and outline additional individuals you might invite to serve on the wellness council. If your school does not yet have a wellness council please describe plans for establishing a wellness council in the 2017-18 school year and outline individuals you might invite to serve on the wellness council.

6. School Health Index Assessment

Schools submitting a grant application are required to conduct a school health assessment prior to applying for the Shape grant to help identify strengths and weaknesses of school health policies and programs, and provides direction for school health improvement efforts. Note: If your school completed the assessment prior to August 1, 2016, you must complete it again.

The required, online assessment tool is provided by the Alliance for a Healthier Generation Healthy Schools Program (HSP). To complete the assessment visit the [Healthy Schools Program website](#).
