Dear Ms. «MomLName»:

I'm writing to ask for your help with a research project called PRAMS. PRAMS is short for the **Pregnancy Risk Assessment Monitoring System**. PRAMS is sponsored by the Centers for Disease Control and Prevention and the Georgia Department of Public Health.

By answering some questions about your recent pregnancy you can help us find out why some babies are born healthy and others are not.

The questions we would like you to answer are in the enclosed booklet. There is more information about the study on the page called "Important Information About PRAMS." Please read through this information before doing the survey.

If you have lost your baby because of death, we are truly sorry about your loss and offer our sympathy to you and your family. We also ask that you fill out the survey because your answers are important, and could help other mothers and babies in the future.

After you finish answering the questions, please send the booklet to us in the enclosed envelope. The postage is already paid.

If you have any questions about PRAMS, or if you want to answer the questions by telephone, please call me at 1-800-743-7265. The call is free.

*To thank you for your help, we will send you a \$10 gift card upon the completion of the survey.*

Sincerely,

A handwritten signature in black ink that reads 'Nicole Kosacz'.

Nicole Kosacz, MPH  
Georgia PRAMS Director
