RD Review	16	0	August 29-30, 2017
Total	342	1209	
Graduation	0	0	August 31, 2017

Note:

Interns will complete a minimum of 1200 supervised practice hours. The designated practice hours in each facility do not include travel time, outside preparation, or the orientation training. The intern will work the schedule which best facilitates learning which could include weekends and early or late hours. Practice hours may be required beyond this minimum depending on the demands of the rotation and assignments.

Interns are expected to complete all didactic assignments. The didactic hours above are only estimates and the didactic assignments may require hours beyond this estimate. In addition to practice hours and didactic hours, interns should expect to expend “other” (typing reports, typing activity logs, etc.) hours on a regular basis and should plan their schedules accordingly.

Interns are expected to be present for each scheduled rotation, orientation and training. If circumstances beyond an intern’s control (i.e., illness, car trouble, illness, or death of an immediate family member) occur, the preceptor will assist the intern to reschedule these experiences. There is no guarantee that these experiences can be made up without repeating the rotation, but every reasonable effort will be made.

Interns will participate in supervised practice hours of the internship for up to 24 hours per week and work in their respective jobs for 16 hours per week. Interns may be required to work on holidays without compensatory time. Interns should not expect to take vacation, personal, or annual leave during the program.
