*Definition of Performance Standards:*

*Last Updated 01/08/2016*
4 = Independent. Tasks are completed with minimal initial directions, minimal supporting cues, in an expedient time period, with intern always demonstrating critical thinking skills. The intern thoughtfully analyzes and evaluates all factors and demonstrates a comprehensive approach. Intern demonstrates “linking” previous knowledge to current situation. Projects are detailed, organized and complete. All tasks are completed in a professional manner. The intern consistently displays a positive attitude. This score is only achievable when the intern is required to perform a task or produce an end product.

3.5 = Mostly Independent. Tasks are completed with initial directions and few supporting cues in a reasonable time period with intern frequently demonstrating critical thinking skills. The intern thoughtfully analyzes and evaluates the majority factors and demonstrates a comprehensive approach. Intern demonstrates “linking” previous knowledge to current situation. Projects are detailed, organized and complete. Intern completes all tasks in a professional manner. The intern consistently displays a positive attitude. This score is only achievable when the intern is required to perform a task or produce an end product.

3 = Supervised: Tasks are completed with initial directions and periodic feedback, occasional supporting cues, in a reasonable time period, with intern occasionally demonstrating critical thinking skills. The intern offers analyses and evaluations of obvious factors. Sometimes demonstrates a comprehensive approach. Projects are detailed and organized. The intern completes all tasks in a professional manner, displaying a positive attitude. This score also applies to the projects in which the intern observes a process or event and in projects where the intern is required to perform a task or produce an end product. For observation assignments, a score of ‘3’ would indicate a positive attitude, thoughtful questions and insightful comments.

2 = Assisted: Tasks are completed with initial directions and frequent feedback, frequent supporting cues, over a delayed time period, with intern rarely demonstrating critical thinking skills) Completes tasks in a professional manner, usually displaying a positive attitude. This score also applies to the projects in which the intern observes a process or event and in projects where the intern is required to perform a task or produce an end product. For observation assignments, a score of ‘2’ would indicate attendance but lack of thoughtful questions and insightful comments.

1 = Incomplete: Work is technically inaccurate or incomplete. Tasks do not meet expectations and are thrown together without much thought. Projects lack detail and/or are unorganized. The intern displays unprofessional behavior or negative attitude. This score also applies to the projects in which the intern observes a process or event and in projects where the intern is required to perform a task or produce an end product. For observation assignments, a score of ‘1’ would indicate absence or tardiness to the event and/or lack of participation and/or unprofessional behavior and negative attitude.
