Pediatric Acute Care Rotation Curriculum

WIC Dietetic Internship Program

Last Updated 01/08/2016
# Table of Contents

Planned Activity: Perform Nutrition Care Process .................................................. 1

Planned Activity: Interdisciplinary Care ............................................................. 2

Planned Activity: Infant Feeding Option Comparison .......................................... 4

Planned Activity: Infant Formula Recipe Calculation .......................................... 5

Professional Behaviors Evaluation ....................................................................... 6

Pediatric Acute Care Clinical Rotation Final Evaluation .................................... 7
**Planned Activity:** Perform Nutrition Care Process

**Competencies:** CRD 1.1, CRD 1.2, CRD 2.1, CRD 2.6, CRD 2.7, CRD 2.10, CRD 2.11, and CRD 3.1 a-e, CRD 3.2, CRD 4.5

**Learning Objectives:**
1. The intern will be able to appropriately complete nutrition assessments, distinguish nutrition diagnoses, write nutrition goals, plan nutrition interventions and identify parameters to monitor intervention success.

**Resources:**
1. Completed clinical pre rotation modules
2. [eatright.org/healthProfessionals/content.aspx?id=7077](http://eatright.org/healthProfessionals/content.aspx?id=7077)
5. Nutrition and Diagnosis Related Care, 7th edition

**Intern Directions:**
1. Review all resources.
2. Using the appropriate facility forms, conduct nutrition care process (nutrition assessment, diagnosis, intervention and goal, and monitoring/evaluation plan) on a variety of patients (minimum of three [3] per week)
   a. Record all nutrition care contacts on conditions, populations and disciplines form.
4. At the completion of the rotation, submit completed conditions, populations and disciplines form.

**Preceptor Directions:**
1. Demonstrate to and assist the intern in completing NCP as needed.
2. Arrange for the intern to complete nutrition care process on a variety of patients (demographic and disease variety).
3. At the completion of the rotation, using the Definition of Performance Standards, score the intern on overall performance in this area on the final evaluation form.
Planned Activity: Interdisciplinary Care

Competencies: CRD 2.5, CRD 2.6, CRD 2.7, CRD 2.8, CRD 2.10, 2.11

Learning Objectives:
1. Intern will be able to confidently and effectively work as part of an interdisciplinary care team to provide high quality patient care.

Resources:
1. eatrightmich.org/pdf/HODBackgrounderIT.pdf

Intern Directions:
1. Review resources.
2. With preceptor, review policies and/or regulations on Interdisciplinary Care Team Conference/Meetings and referral protocols at the facility.
3. With preceptor, prepare for and attend interdisciplinary care team meetings and rounds and participate in meetings as directed by preceptor. Complete the reflection brief after attending these meeting(s).
4. Practice effective communication with medical care staff (MD, RN, SW, RD’s, OT, ST, PT, RT, Pharmacy and others) and make referrals to other health professionals when deemed necessary.
   a. Record all interdisciplinary care contacts on conditions, populations and disciplines form.
5. At the completion of the rotation submit completed conditions, populations and disciplines form as well as the reflection brief to Dietetic Internship Program Director

Preceptor Directions:
1. Review with intern all facility policies and/or regulations on Interdisciplinary Care Team Conference/Meetings and referral protocol.
2. Take intern to interdisciplinary care team meeting(s). Discuss the RD role in the care team and allow intern to participate as appropriate.
3. Orient intern to multidisciplinary referral resources and protocol for making referrals and allow the intern to make referrals to other disciplines as appropriate.
4. At the completion of the rotation, using the Definition of Performance Standards, score the intern on overall performance in this area on the final evaluation form.
Reflection Brief

Name: _________________________  Date: ____________________________

Write the learning objective and a brief description of the activity.
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Discuss how the activity/experience has impacted you personally. What does it mean to you?
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Give an example of what knowledge, skill and/or ability you gained or enhanced from completing this activity.
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Discuss how the experience has impacted your professional practice.
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
Planned Activity: Infant Feeding Option Comparison

Competencies: CRD 1.3, CRD 2.2, CRD 4.5

Learning Objectives:
1. The intern will be able to utilize technology to access credible scientific sources to research nutrition related question and apply evidence-based guidelines.

Resources:
3. Nutrition and Diagnosis Related Care, 7th Edition
6. Academy of Nutrition and Dietetics Pediatric Nutrition Care Manual (comparison tool)
7. Meet with Preceptor to plan the activity.
8. Use multiple resources to complete a review and comparison of human milk in pre-term and full term deliveries and infant formulas designed for pre-term and full term infants to include review of calories, protein, calcium, phosphorus, and fat.
9. Submit preceptor for review and grading.
10. At the completion of the rotation, submit the completed comparison paper electronically to Dietetic Internship Program Director.

Preceptor Directions:
1. Meet with intern to plan the activity and direct intern to other appropriate resources for this project
2. At the completion of the rotation, using the Definition of Performance Standards, score the intern on overall performance in this area on the final evaluation form.
3. At the completion of the rotation, using the Definition of Performance Standards, score the intern on overall performance in this area on the final evaluation form.
Planned Activity: Infant Formula Recipe Calculation

Competencies: CRD 2.1, CRD 3.2, CRD 3.6, CRD 4.5

Learning Objectives:
1. The intern will be able to appropriately create and adjust specialized infant formula recipes to meet patient individual nutrition needs.

Resources:
2. [healthsystem.virginia.edu/pub/dietitian/clinical-nutrition-tools.html](http://healthsystem.virginia.edu/pub/dietitian/clinical-nutrition-tools.html)
3. [mjn.com/app/iwp/hcp2/secureContent.do?dm=mj&id=-12520&iwpst=HCP&ls=0&csred=1&r=3548591624](http://mjn.com/app/iwp/hcp2/secureContent.do?dm=mj&id=-12520&iwpst=HCP&ls=0&csred=1&r=3548591624)

Intern Directions:
1. Meet with preceptor to plan activity.
2. Complete calculations and write out the adjustment recipe for a calorie or other nutrient concentrated formula; Submit to preceptor for grading.
3. At the completion of the rotation submit an electronic copy of the written formula recipe to the Dietetic Internship Program Director and retain a copy for your records.

Preceptor Directions:
1. Demonstrate how to do formula adjustment calculations to the intern.
2. Assign a formula adjustment calculation problem to the intern (either case study or real patient) and assist intern with locating the most appropriate resources for completing the assignment.
3. Review the intern’s completed formula adjustment calculation assignment(s) and provide feedback.
4. At the completion of the rotation, using the Definition of Performance Standards, score the intern on overall performance in this area on the final evaluation form.
## Professional Behaviors Evaluation

Directions – At the end of the rotation, complete the evaluation and record the score on the rotation final evaluation.

### Scoring Definitions:
- **5** = Always
- **4** = Frequently
- **3** = Sometimes
- **2** = Rarely
- **0** = Never

<table>
<thead>
<tr>
<th>Behavior</th>
<th>Score</th>
<th>Comment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attention to Duty – Thorough and conscientious work ethic, meets responsibilities in a timely manner and displays professional appearance</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Dependability – Less amount of supervision needed, works independently, punctual, completes assignment and follows through</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Judgment – Displays decision making skills (logical and critical thinking), calm demeanor and is mindful of intern scope of practice</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Initiative – Displays initiative and active role in learning, demonstrates resourcefulness to find answers independently, volunteers for assignments and displays leadership</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Communication – Displays good oral and written communication skills, listens and responds appropriately, displays tact and diplomacy, initiates discussions with others when appropriate</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Theoretical Knowledge – Relates theory to practice, appropriately assesses situations/problems, identifies needs/solutions</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Quantity of Work – Demonstrates planning and time management</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Quality of Work – Demonstrates attention to detail as evidence by accurate, organized, and neat submissions</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Cooperation – Works with and helps others, maintains positive relationships, assumes appropriate share of work, accepts responsibility for mistakes, cooperates under stress, others seek interns assistance</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Attitude – Displays tact, self-confidence, positive and unbiased approach, integrity, and professional demeanor, incorporates constructive criticism to make improvements, self-reflects</td>
<td></td>
<td></td>

4 = 90 – 100
3.5 = 80 – 89
3.0 = 75 - 79
2.0= less than 75

**Strongest Areas:**

**Areas needing improvement:**

---

*Georgia Department of Public Health WIC Dietetic Internship Program*

*Pediatric Acute Care Rotation Curriculum*
Pediatric Acute Care Clinical Rotation Final Evaluation

Definition of Performance Standards:

4 = Independent. Tasks are completed with minimal initial directions, minimal supporting cues, in an expedient time period, with intern always demonstrating critical thinking skills. The intern thoughtfully analyzes and evaluates all factors and demonstrates a comprehensive approach. Intern demonstrates “linking” previous knowledge to current situation. Projects are detailed, organized and complete. All tasks are completed in a professional manner. The intern consistently displays a positive attitude. *This score is only achievable when the intern is required to perform a task or produce an end product.*

3.5 = Mostly Independent. Tasks are completed with initial directions and few supporting cues in a reasonable time period with intern frequently demonstrating critical thinking skills. The intern thoughtfully analyzes and evaluates the majority factors and demonstrates a comprehensive approach. Intern demonstrates "linking" previous knowledge to current situation. Projects are detailed, organized and complete. Intern completes all tasks in a professional manner. The intern consistently displays a positive attitude. *This score is only achievable when the intern is required to perform a task or produce an end product.*

3 = Supervised: Tasks are completed with initial directions and periodic feedback, occasional supporting cues, in a reasonable time period, with intern occasionally demonstrating critical thinking skills. The intern offers analyses and evaluations of obvious factors. Sometimes demonstrates a comprehensive approach. Projects are detailed and organized. The intern completes all tasks in a professional manner, displaying a positive attitude. *This score also applies to the projects in which the intern observes a process or event and in projects where the intern is required to perform a task or produce an end product. For observation assignments, a score of ‘3’ would indicate a positive attitude, thoughtful questions and insightful comments.*

2 = Assisted: Tasks are completed with initial directions and frequent feedback, frequent supporting cues, over a delayed time period, with intern rarely demonstrating critical thinking skills) Completes tasks in a professional manner, usually displaying a positive attitude. *This score also applies to the projects in which the intern observes a process or event and in projects where the intern is required to perform a task or produce an end product. For observation assignments, a score of ‘2’ would indicate attendance but lack of thoughtful questions and insightful comments.*

1 = Incomplete: Work is technically inaccurate or incomplete. Tasks do not meet expectations and are thrown together without much thought. Projects lack detail and/or are unorganized. The intern displays unprofessional behavior or negative attitude. *This score also applies to the projects in which the intern observes a process or event and in projects where the intern is required to perform a task or produce an end product. For observation assignments, a score of ‘1’ would indicate absence or tardiness to the event and/or lack of participation and/or unprofessional behavior and negative attitude.*

Add up total score ________/20 X 100= ______________%

Did the intern score a 75% or above on the rotation? (circle one)    YES  NO

Did the intern satisfactorily complete this rotation? (circle one)    YES  NO

Do you have ANY reservations about the advancement of this intern? If yes, please elaborate below.
