

## Georgia Model College/University Tobacco-Free Campus Policy

\_\_\_\_\_ University is committed to providing a healthy, comfortable, and productive learning environment for the students, faculty, and staff of this campus.

The 2006 U.S. Surgeon General's Report, *The Health Consequences of Involuntary Exposure to Tobacco Smoke* has concluded that (1) secondhand smoke exposure causes disease and premature death in children and adults who do not smoke; (2) children exposed to secondhand smoke are at an increased risk for sudden infant death syndrome (SIDS), acute respiratory symptoms and slows lung growth in their children; (3) exposure of adults to secondhand smoke has immediate adverse effects on the cardiovascular system and causes coronary heart disease and lung cancer; (4) there is no risk-free level of exposure to secondhand smoke; (5) establishing smoke free workplaces is the only effective way to ensure that secondhand smoke exposure does not occur in the workplace, because ventilation and other air cleaning technologies cannot completely control for exposure of non tobacco users to secondhand smoke; and (6) evidence from peer-reviewed studies that smoke free policies and laws do not have an adverse economic impact on the hospitality industry. (U.S. Department of Health and Human Services. *The Health Consequences of Involuntary Exposure to Tobacco Smoke: A Report of the Surgeon General*. U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Office on Smoking and Health, 2006.)

In addition, the 2009 Institute of Medicine Report: *Secondhand Smoke Exposure and Cardiovascular Effects: Making Sense of the Evidence* states that study results consistently indicate that exposure to secondhand smoke increases the risk of coronary heart disease by 25 to 30 percent.

Lastly, the *Georgia Smoke free Air Act of 2005* states that most public places are to be smoke free. The act also states, under "290-5-61-.09 Enforcement

*(3) The enactment of any other local law, rules and regulations of state or local agencies, and local ordinances prohibiting smoking that are more restrictive than the Act are enforceable.*

*(4) The Act shall not be construed to permit smoking where it is otherwise restricted by other applicable laws.*
